

Electronix Services

Supporting Electronic Equipment For Over 30 Years

Repair, Don't Replace!

Experienced and Capable

Full component level repair capability on most types of Industrial Electronic Equipment – regardless of manufacturer – consistently delivering very high success rates.

Cost Effective

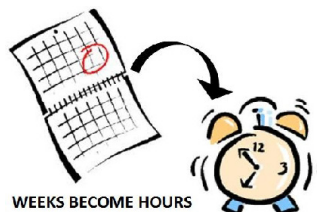

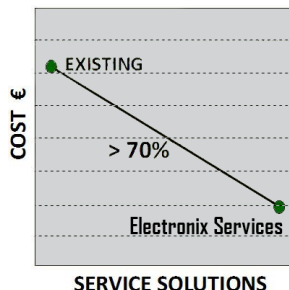

We repair and upgrade where others replace the complete unit – dramatic savings of typically more than 70%!

Eliminate Equipment Downtime

Turnaround times within hours – faster than sending equipment back to the manufacturer.

Quality

We stand by our service and offer our customers a full comprehensive 12 months warranty.

"Put us to the test and give us an item to evaluate!"
